## WHAT'S HAPPENING ON the North Island?

A shorter question might be "What isn't?" The North Island is MLA Claire Trevena's constituency, and it reaches from the south boundary of the Strathcona Regional District to the northern boundary of the Regional District of Mount Waddington on the mainland coast. That's 45,036 square kilometers, and every town and community in it has something going on worth seeing – from music fests, loggers' sports, farmers' markets and salmon festivals, to fishing derbies, wood carving, fall and Christmas craft fairs. Year round, the North Island offers something for everyone. Claire knows the North Island, and her offices and staff are here to help you find all the information you need. Take a look of some of the things we do.
